

COMPANY
PROFILE

LLA Consultancy Ltd. (LLA) is a traffic and transportation specialist consulting firm wholly-owned by permanent residents of the Special Administration Region (SAR) of Hong Kong.

Since its establishment in 1996, LLA has grown in reputation and size to become one of the leading practices of its kinds in the region. It has successfully undertaken over 900 transport-related projects for various clients including the SAR Government, quasi-government organisations, major property developers, contractors, as well as prominent engineering and architecture practices.

LLA is known for superior traffic consultancy service quality, constant attention to details and on-time, on-budget performances. The large number of repeat clients is evidence to the commitment to quality and personal service, as well as the creative talent and problem solving ability of the LLA staff.

Starting from 1999, LLA was the traffic consultant responsible for the traffic related matters in the Redevelopment of Kwai Chung Estate (Phases 3, 4 and 5) and this project had won the Merit Award of Residential Category of Quality Building Award 2008. In this project, LLA was responsible for the design of the road improvement schemes, public transport interchange, carpark access arrangements, footpath arrangements, etc.
